Cliffs Notes of Story Time

Alan McColl shared his first car story of a Heinkel 3 wheeler

Denny added his involvement with a \$1000 reservation to purchase a sometime 3 wheeler brought to market by Paul Elio

John Russell hits the Big Time with invite to shoot the Detroit Auto Show

Bruce related his trials with an XK8 with no tire tread. A wonderful new bride who pushed him in it on the way out of their honeymoon suite, and a tow ride home.

Mike Jackson shared his ride down from Big Bear Ski area with required chains on a new MGB with wires

Norm Golm lost a door in a snowstorm from his 1953 TD

Denny owned a Borgward Isabella, enough said

Norm came back with a story of having an old Anglia, out of gas with 37 cents between he and Sharon and a good sport putting in \$2 because he felt sorry for them.

Gotta love these stories and watching the folks telling them as they relive the day

Meeting adjourned for an Alden Car Show meeting
